

CHANGE BILL ON ARMY TRAINING

Compulsory Four Months Drilling of Youths May Not Be Pressed

WASHINGTON, April 8.—Facing certain defeat, senate supporters of compulsory universal military training today retreated from pressing the adoption of their plan of four months training of all youths as a part of the army reorganization bill. With this change of recent advocates of training shifted their tactics in an effort to obtain acceptance of a system of voluntary training.

It is expected that a vote will be taken on the voluntary training substitute tomorrow. There will be no direct vote on compulsory plan, if the voluntary plan is adopted.

Supporters of the compulsory training feature expressed the opinion today that its defeat meant the virtual "wreck" of the entire measure. Senator Wadsworth, Republican of New York, in charge of the bill, said provision for reducing the regular army to 200,000 men within the next five years would not be practicable with compulsory training rejected.

Senator Feinberg, Republican, New Jersey, supporter of the compulsory plan, offered the amendment for his volunteers. He did so "reluctantly," he said, "but with other advocates of compulsory training thought that the volunteer scheme was the best that might be had at present."

Debate today on the bill was confined entirely to the training schemes. Senator Thomas, Democrat, Colorado, said defeat of compulsory training was largely due to "political cowardice" of members desirous of retaining support of it on the eve of election.

Senator McKellar, Democrat of Tennessee, declared, however, that "overwhelming sentiment" of the senate against the compulsory plan "compelled its practical withdrawal."

PRINCE OF WALES IS GUEST TO AMERICANS ON BOARD CRUISER

SAN DIEGO, Cal., April 8.—The British cruiser Renown steamed away from its berth off Coronado shortly after 6 o'clock tonight, carrying Edward, prince of Wales, towards Honolulu on the next leg of his trip from England to Australia via the Panama canal.

Prince Edward was, according to his reiterated statements, highly pleased with the reception accorded him during his stay of two days in this port. The prince devoted much of the day to rest and recreation, playing a round of golf prior to a reception aboard the Renown.

During this event, Prince Edward greeted many, if not all, of the guests personally, and added his officers in seeing that all those present had an opportunity to view the vessel and learn something of its workings and equipment. The reception, which lasted an hour, was the closing event of the prince's stay. Shortly thereafter, with formal farewells from Gov. Stephens, Mayor Wilde and representatives of the reception committee, the last visitors were escorted overseas and the ship lifted anchor for its run to Honolulu, which was expected to require about eight days.

American Charge and Consuls Leave Mexico

SAN ANTONIO, Texas, April 8.—George T. Summerlin, charge d'affaires of the American embassy at Mexico City, arrived here on his way to Washington. Mr. Summerlin was accompanied by Randolph Robertson, United States consul at Nuevo Laredo and William Blocker, United States consul at Piedras Negras. The officials, who were accompanied by General Joseph T. Dickinson, southern department commander, Mr. Summerlin said the meeting with General Dickinson was purely personal.

We will give a beautiful calendar to each new purchaser.—Advertisement.

FIUME IS WITHOUT WATER OR LIGHTS

TRIESTE, April 8.—(By the Associated Press.) A general strike was declared in Fiume this morning. The city is without water or lights. The workmen demand restoration of the food situation to a normal basis, a revision to the prices prevailing prior to the local troubles, and the adjustment of the value of money in exchange as to restore the former purchasing power of wages. It is complained that prices are now quoted in lire whereas wages are paid in Jug-Slav crowns worth only one-twelfth the value of the lire.

The national council has promised to secure an improvement in conditions. The continuation of the blockade of Fiume is paralyzing the activities of the port.

Modern Woodmen Of America

Everybody out Friday, April 9. Big doings.
G. W. KELLEY, Consul.

Raymond Hitchcock Coming to Orpheum

Any show with Raymond Hitchcock as the central figure is sure of popular attention. He is like no one else in his manner of tomfoolery and has a personality that never suggests the mechanics of funniness. Besides, he always surrounds himself with acts in the professional world of entertainment, and displays a chorus which adds zest to the performances as well as beauty. The third edition of this now famous Hitchcock Koo will spread its frolics of light-hearted gaiety, music and dance. Those who know the trend of the crowds towards theater attractions will get seats in advance. Box office opens Saturday.

R. R. CLERKS' DEMAND
CHICAGO, April 8.—Unless demands for a standard wage scale are met by the Chicago & Northwestern railroad, 260 clerks will resign rather than strike, they said today. The employees were granted five days in which to reply.

C. S. TRUSTEES FILE NEW SUIT

Defendants Charged With Conspiracy to Nullify Decision Handed Down

BOSTON, April 9.—A bill was filed in the Massachusetts supreme court today by Herbert W. Estabrook and other trustees of the Christian Science Publishing society, seeking a temporary injunction to restrain Luther P. Cudworth of Brookline and other members of the First Church of Christ, Scientist, from "taking further action intended" to interfere with them in the discharge of their duties or to compel them to resign their offices as trustees.

The bill alleges that the defendants have entered into a plan and conspiracy for the purpose of nullifying the effect of the decision of Judge Dodge, master in the suit of the trustees against the directors, in favor of the plaintiffs. It is alleged that the defendants have conspired since the decision of the master was filed.

It is charged that the defendants in pursuance of the alleged conspiracy have undertaken to procure the cancellation of subscriptions by Christian Scientists to the periodicals of the society, have interfered with employees to hinder, delay and prevent the publication of periodicals on their appointed dates and have sent out false and misleading statements regarding the administration of the trust by the trustees.

AMERICA'S RHINELAND COMMISSION QUILTS

HAMBURG, April 8.—Special dispatch from Frankfurt to the Hamburger Fremdenblatt reports the resignation of the United States representative from the inter-Allied Rhineland commission. This action, the dispatch says, followed an interchange of communications with Washington.

A dispatch from Cologne on April 8 said it was learned at the office of correspondent E. Noys, the American Rhineland commissioner, and representative of the state department in the American occupied area, had several days previously formally dissociated himself from any action the high commission might take involving it in any way in a French advance into unoccupied territory. The dispatch added that Mr. Noys had notified Washington of his action.

IDAHO'S AMERICAN LEGION IN SESSION

TWIN FALLS, Idaho, April 8.—Adoption of a new constitution featured the second day of the second annual convention of the Idaho department of the American Legion. Practically the entire day was occupied with consideration of this subject. Dr. E. H. Lindley, president of the University of Idaho, delivered an address on the American standard at the opening of the afternoon session. The convention will conclude tomorrow with the election of officers.

PLOW HITS SHELL; TWELVE PERSONS DEAD

CAMBRAI, France, April 8.—(By the Associated Press.) Two explosions in which 12 persons were killed and two injured have occurred in the district of Villers Guislain, 18 kilometers from Cambrai. The explosions were caused by agricultural tractors coming in contact with unexploded shells in fields which were being plowed.

GIBSON EN ROUTE HOME
WASHINGTON, April 8.—Hugh S. Gibson, the American minister, left Warsaw for Washington Tuesday. He will travel by way of Berlin, Paris and London. After a conference in Washington with Secretary of State Colby, Mr. Gibson will go to his home in Los Angeles to recuperate from the effects of an attack of influenza from which he suffered some time ago.

WINE BARS WORRY

There is trouble in Denmark and reports say the king's job is none too secure. Many of the Danish people are clamoring for a republic. But what's in a throne, when the bubbling wine still flows? The picture? Sure it's the king!

HORSE CARRIED BY AIRPLANE TO SHOW

SANTA BARBARA, Calif., April 8.—"Mercury," a horse entered in the horse show here, arrived today by airplane from Los Angeles. The trip was delayed a day until officers of the humane society had been convinced no cruelty was involved in the trip which was made in an especially equipped airplane.

Claim Woman Had Become Demented on Account of Suit

DEADWOOD, S. D., April 8.—Testimony intended to show that Mrs. Edith Neamy, for whose murder Mr. and Mrs. George Seale are on trial here, had brooded over a lawsuit and was mentally unbalanced was introduced today by the defense.

Taking of testimony is expected to be completed tomorrow and attorneys said the case might go to the jury Monday.

Mrs. Seale, daughter of the dead woman, underwent a cross-examination today at the hands of prosecution. She said her mother was worried about a lawsuit and several days before her body was found in the furnace of the home in Deadwood, she had told her that Christmas would be a sad one for the family.

CHARGES EXTRAVAGANCE

ST. LOUIS, April 8.—Governor Frank G. Landon, of Illinois, candidate for the Republican presidential nomination, in an address here tonight, reiterated his charges of governmental extravagance. He asserted rigid economy was necessary "if the country is to avoid the rocks of bankruptcy."

WOMEN IN POLITICS

ROCK ISLAND, Ill., April 8.—Major Leonard Wood, Republican presidential candidate, made a plea for the entrance of women into politics in an address today. "I believe these are going to be a tremendous influence for good," he said.

The After Effects of Pneumonia

This is No. 2 of a series of advertisements, prepared by a competent physician, explaining how certain diseases which attack the air passages—such as Pneumonia, Influenza, Whooping Cough, Measles or even a long continued Cold—often leave these organs in an inflamed, congested state, thus affording a favorable foothold for invading germs. And how Vicks' VapoRub may be of value in this condition.

Pneumonia attacks the air cells of the lungs. An inflammation is set up and matter is thrown off which causes the air cells to solidify, thus preventing the natural flow of blood thru the lungs. This "backing up" of the blood causes the heart to pump harder, just as stepping on a hose increases the water pressure, which is the reason why, during this disease, the physician watches the overburdened heart so carefully.

After recovery the lungs are filled with a mass of wreckage—the debris of the battle—which must be gotten rid of by a process known as resolution. Frequently, inflamed spots remain, congestion persists, cough hangs on, and the least exposure brings on a cold that is hard to get rid of. If neglected, such damaged air passages may easily develop serious disease of the lungs.

Such cases should always continue under a physician's care and frequent examinations should be made to see that nature is

properly continuing the rebuilding process.
Nightly applications of Vicks' VapoRub will aid nature in this work. Because Vicks acts locally by stimulation thru the skin to draw out the inflammation, attract the blood away from the congested spots and relieve the cough. In addition, the medicinal ingredients of Vicks are vaporized by the body heat. These vapors are breathed in all night long, thus bringing the medication to bear directly upon the inflamed areas.

Vicks should be rubbed in over the throat and chest until the skin is red—then spread on thickly and covered with hot flannel cloths. Leave the clothing loose around the neck and the bed clothes arranged in the form of a funnel so the vapors arising may be freely inhaled. If the cough is annoying, swallow a small bit of Vicks the size of a pea.

Samples to new users will be sent free on request to the Vicks Chemical Company, 232 Broad Street, Greensboro, N. C.

Instant Beauty for Everyone Says that Famous Actress Viola Dana Who Tells What To Do

Just Make this Simple Test.

MISS VIOLA DANA

New York—"I am often asked how I keep my complexion so fresh looking," says Miss Viola Dana, the Screen Classic Star in a recent interview. "It's a simple process. For anyone to have a smooth, velvety, rose-white complexion, and unblemished skin if they will devote just a little time in caring for it. Cleanliness is absolutely necessary in developing a clear healthy skin. For this purpose use a good cleansing cream to follow this by bathing the face with warm water then rinse with cold water, dry thoroughly and apply Derwille, a simple toilet preparation which can be obtained at any up-to-date drug or department store. This marvelous preparation instantly beautifies the complexion and its continued use makes the results permanent. You can form no idea what a wonderful effect it has upon the skin until you try it. Here is the best way to test it. Put it on one side of your face then look in your mirror and note the surprising change. You will need no further argument to convince you that there is nothing like it for beautifying purposes. The instant results it gives is the reason for its popularity with actresses and those who realize the value of a rose-white, smooth, clear complexion. It takes but little of your time compared to the splendid results it gives, and the fact that it is used and endorsed by leading beauty specialists speaks volumes for its efficacy. Derwille is especially recommended for dark sallow skin, tan, shiny nose, black heads, coarse pores, freckles and numerous other facial blemishes. Many use it in preference to face powders or all other beautifiers as it is more life-like in appearance. Perspiration does not affect it, therefore it stays on better, does not rub off on clothing and its use cannot be detected. It is guaranteed absolutely harmless on the most delicate skin and will not stimulate or produce a growth of hair. Over five hundred thousand girls and women are using it and they are just as enthusiastic over it as Miss Dana. It is rapidly becoming a regular fad and if you wish to have a complexion which will attract favorable comment everywhere, just give Derwille a trial and you are sure to be delighted with it. Do not accept substitutes then you will not be disappointed. As there is nothing 'just as good,' 'better,' or 'just like it.'"

NOTE: There is a fair latest proposition by the Vicks Chemical Company of this city, in a bottle of Derwille from any toilet counter, give it a trial for a few days and if you don't like it bring it back and get your money. Read everything we follow. It is sold in this city in all up-to-date drug and department stores, including

A. R. MCINTYRE DRUG CO.

NEVER GRIPE OR SICKEN

"I feel grand! That Headache, Biliousness and Constipation is gone."

Anyone can make good biscuits if they use Holley's Self-Rising Flour. Sold by all leading grocers.

BIG EATERS GET KIDNEY TROUBLE

Take Salts at first sign of Bladder irritation or Backache

The American men and women must guard constantly against Kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out; they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.—Advertisement.

For Biliousness

Sick Headache, Sour Stomach, Bloating, Gas, Constipation—all these distressing consequences of indigestion are avoided if the bowels are kept open and regular.

FOLEY CATHARTIC TABLETS

act promptly, without pain or nausea. They clear the bowels, sweeten the stomach and tone up the liver.

E. R. Whitburn, R. F. D. 1, Norfolk, Va. "Foley Cathartic Tablets have done me more good than any medicine I ever used."
